Enjoy access to a broad selection of network providers

This plan includes a network of quality doctors, hospitals, pharmacies and other care providers, designed to help you get the care you need. And you have access to a large dental provider network. You can also get care from out-of-network dental providers but your costs may be higher, even for services with a \$0 copay.

Here's how this HMO-POS plan works

Enjoy more of the extras you love, such as dental, an OTC credit, fitness and vision. Plus \$0 copays for preventive services.

Get care from providers in the network or visit out-of-network providers for covered dental services.

Select a primary care provider to oversee and help manage your care. It's required by the plan, but it's also very beneficial for your long term health and well-being.

Some services require a referral from your doctor. Check your Summary of Benefits for details.

This plan has a maximum annual out-of-pocket amount.

Emergency and urgently needed services are covered anywhere in the world.

This plan includes prescription drug coverage. Always use network pharmacies. You may pay more or the full cost for drugs received from pharmacies not in the network.

Go to **AARPMedicarePlans.com** to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions. See your Evidence of Coverage for a list of all covered services.
